

## The Cocoa Beach Sail & Power Squadron (CBSPS) will offer the:

**Advanced Piloting** is the second in the sequence of USPS courses on navigation. A prerequisite for this course is the successful completion of Seamanship and Piloting. This more advanced course continues to build coastal and inland navigation skills, allowing the student to take on more challenging conditions – unfamiliar waters, limited visibility, and extended cruises. GPS is embraced as a primary navigation tool but radar, chart plotters, and other electronic navigation tools are studied. As with Piloting, the course includes many in-class exercises, advancing the student’s skills through hands-on practice and learning. At the end of the ten two-hour classes, the students will be given a take home, open book test for which they have seven days to complete.

Cost for USPS members is \$60.00 (\$75.00 for 2 persons sharing a book). The costs for this class assume that the student has taken Piloting recently and has a current copy of the Weekend Navigator book from that class.

**This class is only presented to USPS members.** Both the Seamanship and Piloting courses are prerequisites.

**The class will start April 26, 2018 at 7pm and will last 9 weeks. The class will be located at Hobbs Pharmacy, 133 N. Banana River Drive, Merritt Island.**
