Description: There is something very special about the thrill of cruising in new waters and the sense of accomplishment upon completing an extended cruise. To go beyond what most boaters do on a weekend overnight or even a week or so, marina hopping requires boaters to leave their normal cruising areas and comfort zones. The Cruising and Cruise Planning course focuses on the planning and preparation necessary for safe, enjoyable, extended cruises on both inland and coastal waters.

Designed for members who cruise on either a sail or powerboat (owned or chartered)
