

The Cocoa Beach Sail & Power Squadron (CBSPS) will offer the:

The **Marine Communications Systems** course is an in-depth, nine chapter review of those systems available to the recreational boater, or to those with whom he/she shares the water. Radio history and spectrum definitions are presented along with definitions of radio circuits that the student should learn, to choose the best communications method for his/her situation. One chapter is devoted to the Global Maritime Distress and Safety System (GMDSS) and another to FCC Rules and regulations to set the stage for instruction of radiotelephone operating procedures (both voice and digital messaging are covered). The remaining chapters cover High Seas radio (MF/HF and satellite communications) and other systems such as Family Radio Service transceivers. There is also a chapter on troubleshooting of radio installations.

The 9 week long class will start **Thursday September 6, 2018** at **Canaveral Hospital 701 W. Cocoa Beach Cswy, in the Medical Plaza Building.** (See **red** arrow on next page)

Cost for USPS members is \$57.00 (\$72.00 for 2 persons sharing a book).

Cost for non-members is \$106.00 .
