

## The Cocoa Beach Sail & Power Squadron (CBSPS) will offer the:

The **Marine Electrical Systems** course is presented in seven chapters that start with an explanation of what electricity is, followed by discussions on boat electrical wiring, DC and AC electrical systems, galvanic and stray current corrosion, lightning protection, and ends with troubleshooting of boat electrical problems.

The course includes instructions on how to use a multimeter, how to solder and crimp electrical wiring circuits, and how to read electrical wiring diagrams. This course can be used as a reference guide for anyone interested in properly maintaining their boat electrical system.

Cost for USPS members is \$52.00 (\$62.00 for 2 persons sharing a book).

Cost for non-members is \$78.00 .

**The class will start January 16, 2017 at 7pm. The class will be located at Canaveral Hospital 701 W. Cocoa Beach Cswy, in the Medical Plaza Building. (See red arrow on next page). We will be in classroom C.**

***We promote recreational boating safety through education and civic activities***
