**Description:** This is the next step after completing the ABC course. This takes the knowledge and skills learned there expanding and extending them. Make Seamanship the first step into building boating confidence and competence for safe and fun on-the-water adventures. Seamanship presents material applicable to both power and sail, covering such topics as the construction and functioning of a boat, the skipper's responsibilities, preparing the boat for use, handling and maneuvering a vessel under various conditions in close quarters and on the open water, rules of the road, anchoring, emergencies, and marlinespike/basic knots.

The class has 7 sessions all at the Cape Canaveral Medical Plaza.

**There is no prerequisite for this course. If you didn't take the ABC course you can still take this course.**
