CBSPS Mission

The Cocoa Beach Sail & Power Squadron is a non-profit organization serving Boater's education needs in Central Brevard County since 1967. Our mission is to promote recreational boating safety through education and civic activities while providing fellowship for our members.

"Come for the Boating Education...Stay for the Friends"

To join us, contact Membership@cbsps.org

AT THE HELM

Cdr Bob Rutigliano, JN-IN

As we slide from the hot days of summer to the cooler days of the fall months, we recall the events we shared such as the offshore fishing trip, the ski island boat trip & picnic, the cruise to Grills for lunch, and the bioluminescent cruise aboard the Blue Dolphin to mention a few. Good times with good friends and fellow members of the greatest squadron in USPS.

Italian night proved once again to be a popular event with over 60 members and guests attending. Two guests filled out applications and became members. A great job by our entertainment committee. To Lt/C John FitzGerald P and his department, a hearty Well Done.

Looking forward we have the Halloween costume party, the Harvest Party and our Holiday dinner / dance. Not to mention our monthly outings. A lot of fun still to come.

We continue to grow and as of this writing we have 147 members.

Our Vessel Examiners have completed 97 inspections so far this year.

Our Scholarship can now be found on our website under the heading “**About CBSPS**”. Anyone visiting our website can check it out. We continue to collect aluminum beer and soft drink cans to help fund the scholarship. Please keep in mind that in order for ATM Recycling to give us top dollar for the cans, they must be rinsed out and not mixed with soup cans, plastic or glass bottles, pie pans, tin foil, paper or any other items. To guarantee this, I sort through all bags before recycling. Please help to insure there is no foreign items in the bags before they are recycled.

The executive committee is finalizing a printing of committee member duties. When finished, a copy will be added to the welcome package given to all new members.

The squadron needs a Chaplain to relieve Lt Denise Stone, P who has held that position for 15 or 20 years. This might be a good fit for a newer member to step up. Anyone who would like to fill this position please contact me or Denise

Merritt Island Christmas parade will be held on December 6, 2014. At this point we have 3 boats on trailers scheduled to be entered. We have several members who signed up to ride in one of the boats, several members who volunteered to help with the purchase of candy and a few willing to walk the route giving out candy and literature. We need a few more walkers. Please contact me by e-mail or phone. Each boat owner is responsible for the decorations on their boat. I will have more info at the October meeting.

See you on the water.

Now is a good time to contribute to the Scholarship Fund. The XO is accepting all contributions. Ask your tax preparer if you can deduct the contribution on your taxes. The latest recipient is Alexander Nickerson a Meteorology major currently attending Florida Institute of Technology.

When you go out on the water be sure to have enough fuel to get there enough to return. Emergencies happen when you don't expect them but you can be prepared.

Very respectfully,
Harlow

SQUADRON EDUCATION OFFICER

P/C Sandra Schoonmaker, SN

No autumn leaves and so far no cooling breezes, but it is fall in Florida when our northern friends begin to return and we start the countdown to year's end and the holiday season. But before we get there, we have a few more wonderful squadron activities to enjoy. In the Education Department that means the start of two more classes: one elective and one navigational.

The fall elective, at the request of the membership, is Marine Communication Systems. The class began on 15 September with 9 enrollees. The next class in the navigation series is Advanced Piloting that commenced on 18 September with 13 students. These will finish up around the start of the holiday season which means the next round of classes will not occur until after the start of 2015.

If you missed taking a class during the fall session, I encourage you to think ahead to the new year when we have two more offerings. These are both elective classes, which have no prerequisites for enrollment. Everyone is welcome to attend!

The Engine Maintenance Class will begin on 19 January. I think this will be the most exciting version of this class that we have ever taught! Lt Ron Sageser, JN and Lt Garry Pepin, P, are team teaching. They both have a military background in engines and have experience with boat engines. The class will include a field trip to Garry's shop where he has numerous engine parts including a typical V-6 gasoline fuel injection boat engine on a rack with an intact stern drive. This will be a hands-on learning opportunity for the students to complement the classroom studies. So mark your calendars and sign up for this class!

The second elective will be our Weather Class, also back by popular demand. Beginning 22 January, 1/Lt Winnie Crawford, JN, our personal meteorologist, will lead this class. This is one of the most comprehensive classes taught by CBSPs and Winnie's professional knowledge is a great asset in explaining the complexities of weather phenomenon. With weather being one of the greatest hazards to boating safety, this class is highly recommended. So save the date!

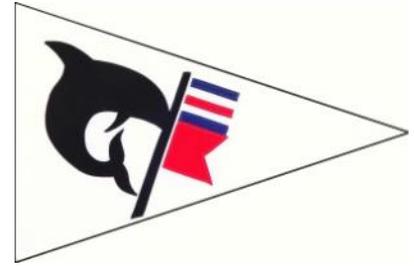

At the completion of these two classes, the 2013-2014 CBSPS year will have ended. But that only means that we begin the next year with a whole new roster of classes including another cycle of the navigation classes and a series of new electives. So stay tuned.....

Boating Education

EXTRA! EXTRA!

**From CBSPS's
Education dept**

CONGRATULATIONS

CBSPS wants to recognize the four members who have achieved the grade of JN (Junior Navigator) this year. The JN signifies they have each completed the first four of the Navigational Classes: Seamanship, Piloting, Advanced Piloting and Junior Navigation.

**Lt/C Lou Harlow, JN
Cdr. Robert Rutigliano, JN-IN
Lt Ronald Sageser, JN-CN
1/Lt John Scholtz, JN**

The group was instructed by P/D/C Fred Adame, SN and Lt Dennis Peterson, SN, both of whom spent hundreds of hours working with the students to assure they achieved this prestigious goal. Their sites were evaluated by P/C George Hess, SN who has to individually correct each of the folders submitted by the candidates. The contribution of these men to the Education Department is invaluable!

After JN there is one more class to go....Navigation. Several of our current JN members are beginning this class on 29 September under the leadership of Lt/C Lou Harlow, JN with the assistance of Lt. Peterson and P/D/C Adame.

MARINE RADAR SEMINAR

The last of the 2014 Seminar Series will be held on Saturday, 11 October, at Port Canaveral Yacht Club from 1000-1200. The fee is \$10 per family and the presenter will be Lt Richard Schoonmaker, SN. This seminar will discuss the use of radar for collision avoidance and its use as an alternative navigational aid.

This is a required seminar for the third level of USPS Education department's Boat Operator Certification (BOC) program, namely the Advanced Coastal Navigation certificate, restricted to USPS members. Even if you have not started this program yet, make sure you participate as it will not be given again for a few years. For information about the BOC, contact P/C Gerard Meunier, SN-CN, at boc@cbsps.org.

Pre-enrollment suggested but not required. Further details on www.cbsps.org

ADMINISTRATIVE OFFICER

Lt/C John FitzGerald, P

During the previous three months the Boating and Entertainment Committees planned events and outings for the squadron's enjoyment. We had a Raft up at the island at the Indian River north of SR 528, a boat outing to Grills in Melbourne, a bioluminescent tour on the Blue Dolphin and an offshore charter fishing trip from Port Canaveral. Participation in these events was excellent and we are grateful to the membership for coming and having fun. The members of these committees are very happy when an event happens, there's high turnout and everyone has a good time.

At the July meeting we have had the privilege of having our own Ed Kydd, SN as our speaker. He is a true gentleman and his story of the White Elephant was a good one. In August we had Ben DiBiase from the Florida Historical Society come and give a presentation on the Florida waterways and their importance in history. Members who attended this presentation got a real treat; it was very informative.

In September we had Italian Night. There was a head count of 77 people (including guests). Thank you to all who brought the delicious food for everyone to share. There were decorations, music and pictures being projected of all events to date. It was a very good night and we all had a good time. Thank you to all who came early and set up and stayed late to clean the room, it was much appreciated.

We still have many more events planned for the year including:

October 7 th :	General Meeting – Speaker Dr. George Maul and the scholarship winner	
October 18 th	Possum Bluff (St John River) Run	(See page 9)
October 24 th :	Halloween Party	(See page 10)
October 25 th :	Kayak Turkey Creek BO	(See page 11)
November 7 th :	General Meeting (FRIDAY) – Speaker Marine Resources Council	
November 16 th :	Harvest Party	(See page 15)
November 22 nd :	Captain Hiram's BO	(See page 12)
December 2 nd :	Egg Nog Party with the Fearless Improvisation Brigade	
December 6 th :	Merritt Island Parade	(See page 13)
December 12 th :	Holiday Dinner Dance	(See page 14)
December 13 th :	Cocoa Beach Boat Parade	(See page 8)

Robin Courtney, P and Nancy Garwood, P have agreed to jointly take the job of squadron photographer. A huge thank you to both for stepping up.

If you have any changes to your e-mail, address, etc. please send them to me at Secretary@cbsps.org. Thank you

Boating Report by P/C Duane L. Balkema, AP

PAST QUARTER EVENTS

June 28, Saturday Garry Pepin caught the most fish so he claims, even a shark which he pulled into the boat. Kermit said get that thing out of this boat. They were all on L/Cdr Harlow's 25 footer at Pelican Flats 20 miles out on our "Off-Shore Fishing Trip led by John FitzGerald." John had a new member on board as well as wife and daughter. Marty Ramos had a boatload of people on board as well.

Bob Rutigliano got a group together of 15 people on 4 boats to go south on Indian River to **attend BRSPS Corn Roast Event at Marker 21**. Lots of fun.

July 26, Saturday we had a large group arrive at Spoil Island just north of Barge Canal at its West End. We had plenty to eat and Tom Hoffmann brought the bag toss game. With 18 members and 3 guests on 8 boats, everyone had a great time. It was hot but trees provided shade.

August 9, Saturday we meet at Grills on the Indian River, north of Pineda Causeway for eats off the menu. We had 4 boats and 30 people attend.

August 23, Saturday at 1900 we met at Kelly Park, on North Banana River Drive, and boarded the Blue Dolphin, operated by our own Mark and Michelle Anderson, seeking a phenomenon where the propeller and fish make a trail of light in the water called BIOLUMINESCENT PLANKTON. As promised, Captain Mark delivered and a reported 20 people enjoyed this amazing sight.

The **OFFSHORE FISHING TRIP ON DRIFT BOAT for September 20th** had a nice turnout with over \$1000 collected for the boat. 43 members and guests attended. What a great fishing trip!

PLANNED EVENTS

October 25, 2014, Saturday, Kayak trip at Turkey Creek Wildlife Sanctuary will depart at 0900 or near to. Contact John FitzGerald if attending. Plan on taking liquids to keep hydrated as we will be on the water for around 3 hours. (See page 11)

November 22, 2014, Saturday, Cruise South on Indian River to Captain Hiram's. Arrange your own dock and or hotel space. The group will assemble in the afternoon at the Sand Bar and plan to eat together that evening as desired. Looking forward to a good turnout to overnight at the hotel. (See page 12)

December 13, 2014, Saturday Cruise to/Raft Up and Watch the Cocoa Beach Christmas Parade. Meet on water just south of the HWY 520 Bridge on Banana River at 1730. Then we proceed east in the channel to just east of Sunset Café Restaurant and turn south for about 800 feet and raft up. The Parade Boats will stay close to shore and go on three sides of you. You have a great view.

**POSSUM BLUFF
ST JOHNS RIVER OUTING
with BRSPS**

SATURDAY, Oct 18, 2014

This outing is planned again for both motor boaters and paddlers. The destination is the same as last year's but this time we have added a wrinkle. Read on...

ALL BOATS DEPART FROM THE SR 520 BOAT RAMP at 9:00 AM. The launch ramp is on the North side of SR 520. We will travel as a convoy (see below why).

POSSUM BLUFF is located ½ mile south of US 528 and accessible only by boat.

NOW FOR THIS YEAR'S WRINKLE: MOTORBOATS will go from the SR 520 ramp north to Possum Bluff **towing or carrying** the canoes and kayaks (6.9 nm one way).

We will do a thorough cleanup of the area as part of our commitment to **KEEP BREVARD BEAUTIFUL** and then have the picnic at the shelter.

CANOES AND KAYAKS will then paddle north from Possum Bluff to the Power Line takeout (only 4.1 nm one way). There is no power boat takeout or launch at the Power Line. The Power Line launch/takeout is accessible through the Tosohatchee Wildlife Management Area. To get there, from the intersection of US 528 and 520 go **NORTH** on US 520 for 1.1 miles, turn **RIGHT** onto Taylor Creek Rd and proceed for 2.6 mi to the Tosohatchee WMA. Pay the entrance fee and proceed **NORTH** and **EAST** for 7.2 miles to the St Johns River.

DEADLINE FOR SIGN UP: Sunday, October 12. Contact Ernst Hofmann at hofmaneg@juno.com or 321-777-9462. Friends and guest are welcome to participate.

WHY PRE-SIGNUP? The St Johns River is a heck of a waterway in which to get lost – for a very long time (just look at the map) mandating GPS waypoint navigation and staying together. We need to know ahead of time who will participate in order to avoid a late-comer taking off on his/her own and winding up who knows where.

CAVEAT: All this assumes a southerly wind. We will reverse the canoe/kayak leg of the route if the wind decides to blow from the north. Either way, all registrants will receive final instructions a few days before October 18th.

Halloween Costume Party

When: Friday, October 24, 2014 @ 6:00 PM

Where: Cocoa Village Marina
90 Delannoy Ave, Cocoa, FL 32952

Hosts: Paul and Francesca Ragusa

The Cocoa Beach Sail and Power Squadron Entertainment Committee would like to invite you to a night of fun at the "Halloween Costume Party". Paul and Francesca Ragusa will be our hosts at the Cocoa Village Marina. **A costume is required at this event.** There will be a first place prize of \$50.00 and a second place prize of \$25.00 for the best costumes.

We would like everyone to bring a side dish/appetizer to this event for everyone to share. It is a Bring Your Own Booze & Wine event. Soda and water will be provided by the committee. There is no charge for this event! **RSVP no later than 10/15/14 room is limited to 80 people.**

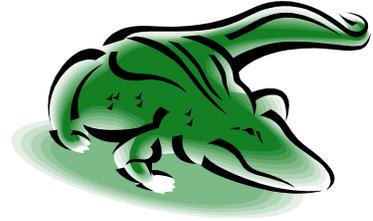

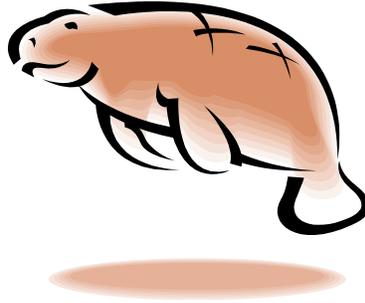

Parking will be in the marina parking lot. Please don't park under the building, which is for marina residents only. There's parking in the uncovered lot as well as across the street.

Directions: FL-520 east to Delannoy Ave. Left on Delannoy Avenue to Marina.
FL-520 west to Delannoy Ave. Right on Delannoy Avenue to Marina.

COCO-NAUTS CORNER

Marilyn Flanigan, PRESIDENT

Our next Coco-Nauts meeting will be held, **Saturday, October 11, 2014**
Time: 1130 Kelsey's Restaurant, on Courtenay Pkwy, Merritt Island.

We decided at the last Coco-Nauts meeting (Sept. 10th) that having a Saturday meeting would give those ladies that are working, or have other obligations on Wednesday, a chance to attend a meeting, and see each other they have not seen in sometime, and also meeting some new members.

It will be very nice to get together and have lunch and visit with old friends again. We will order lunch first, and while we wait for it to arrive, there will be a short business meeting. We will stop the meeting when the food arrives and resume with meeting after eating.

I really hope you will try to make this meeting on October 11th. **Mark your calendar's everyone. Change of time and day.**

District 23 Secretary

USPS DB2000 can be a challenge to set up and learn BUT once into the program, it can be a joy to use because of the many administrative operations and functions it provides. At the beginning of the term of office of a new commander, he/she is given three passwords: Master, Updater and User. Ordinarily the commander only keeps the Master password and delegates the Updater password to the squadron secretary (or other responsible bridge officer) to keep records up to date. Other bridge officers may be given the User password. Outgoing officers should aid new users in setting up and learning the system. Videos and other learning tools are available through the national website as well as consultants in case of problems.

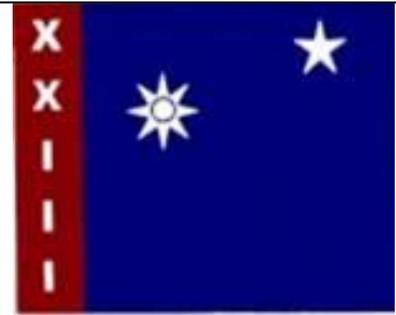

The squadron secretary may also provide instruction in member meetings to aid members in using and navigating the national, district and squadron websites and how they may update their own information such as email, phone and address changes and how they might obtain current squadron rosters and other useful information. Unfortunately in many squadrons, members are ignorant of the many possibilities, opportunities and information available to them. The United States Power Squadrons is a much greater organization with more resources than even many longtime members realize.

As a guide to new secretaries, the Operations Manual contains a Secretary's Manual with a review of their responsibilities and advice on how to take notes and prepare minutes, as well as carrying out all other responsibilities. It's the secretary who works often behind the scenes who makes things happen.

Squadron Members: We have dedicated advertisers who buy advertising space and the moneys help defray costs of our newsletter. They also get to be on our Internet Site for all to view at any time. Please patronize our advertisers. If you do business regularly with someone whom you might think would want to be a supporter/advertiser, please help with getting them on board. We are a nonprofit organization. The easiest route is to ask for \$50 for a year and get a Business Card to place in our Soundings Publication and on the web. Larger ad spaces are available. Contact Duane Balkema at 321-452-5892 or any Bridge Member.
